## EAST HAMILTON HILL PRIMARY SCHOOL

### FROM THE PRINCIPAL

#### SCHOOL DEVELOPMENT DAY – MONDAY 23 MAY

This coming Monday is a School Development Day where students do not attend. This year many of our School Development Days are in non-traditional positions on the term planners, being in the middle of Terms 1, 2 and 3, rather than at the start, to align with staff professional development opportunities. These scheduled days were presented and noted by the School Board in 2021. We will commence our Week 5 Mindfulness and Wellness Week on Tuesday 24 May this term.

#### NAPLAN

Well done to our Year 3 and 5 students who have been demonstrating their personal best efforts throughout NAPLAN testing over the last two weeks. Students who have been absent and have missed tests will have the opportunity to complete as many of these tests as possible over the next two days before the testing window closes on Friday 20 May. The results of these assessments, and the parent reports are not due for a few months.

#### PREMIER'S READING CHALLENGE

The Premier's Reading Challenge is currently running with students from Kindergarten to Year 10 across the State encouraged to participate by logging 12 or more book titles read from May until September 9. Readers will go into the draw to win a range of prizes.

All details and registrations can be found at [www.premiersreadingchallenge.wa.edu.au](http://www.premiersreadingchallenge.wa.edu.au) with log sheets also available from classroom teachers.

#### CARPARK FEEDBACK

At the beginning of the year we made some temporary adjustments to the parking structure in order to ease the congestion and improve student safety within the Redmond Road carpark. This trial change saw staff parking moved to Redmond Road, leaving approximately half the bays for parent parking, and opened the Bradbury Road carpark for parents and visitors. We are now seeking feedback on whether this change has been helpful to parents and if this will be a permanent change. Please take a few minutes to answer a very quick survey relating to this via the link:

<https://www.schoolsurvey.edu.au/s/carpark>

by Tuesday 7 June. If these changes are made permanent, additional crosswalks will be added to the Bradbury Road carpark, near the gate and the front office in the interest of student safety.

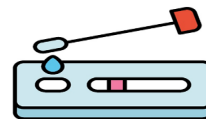

As always patience and courtesy during peak periods is essential for effective traffic flow. The informal kiss and drop zone using the ring-road near the canteen is a no parking zone and parents are encouraged to 'do a lap' if your child is not ready and waiting to be collected. This promotes good flow and allows for the faster clearing of congestion at the end of the school day.

#### RATS

The State Government has allocated each student in WA 20 RATs that are now available for parents to collect at the front office. Primary school-aged students are not able to be given these directly to take home, therefore we are requesting parents come to the office whenever possible to collect these. If you wish for another parent to collect your child's allocation on your behalf, we require this request in writing prior to collections.

COVID-19

**RATs are ready!**

Every student receives a free pack of RATs.

### P&C DAY – FRIDAY 20 MAY

This Friday 20 May is P&C Day where we acknowledge and thank the incredible team of volunteers who make our P&C so wonderful. The EHHPS P&C works tirelessly to fundraise throughout the year in order to add valuable contributions to school initiatives and projects. This year the P&C will be funding the ECE Sensory garden, STEM robotic resources, completion of the Sensory Room, PBS initiatives and events, and the Book Week illustrator workshop. We thank all members of the P&C for the generous and ongoing donation of their time and expertise for the benefit of all students at EHHPS. I also wish to thank all our families for the dedicated support provided to P&C fundraising efforts. Thank you!

### ELECTION DAY

This Saturday 21 May is Federal Election Day with our school participating as a polling place. ### SCIENCE NEWS

Recently we had a visit from Australian Earth Science Education (AusEarthEd) on Thursday 5<sup>th</sup> and Friday 6<sup>th</sup> May. The students took part in a range of hands-on earth science activities and learned about safety in mining, special beads that changed under UV light, how rocks form, how to test rocks for the mineral lime and made models of landscapes to investigate flooding.

Thanks to  
AusEarthEd  
and  
Santos, for an  
exciting incursion.
